

## **Texas Forest Expo**

Lone Star Convention Center in Conroe, TX April 24 - 26

April 15, 2009

Discover the latest news in land management, generating alternate income from your land, wildfire prevention and preparedness, landscape design, pest and invasive species management, timber and estate taxation, wildlife habitat management, tree maintenance and more!

Children can discover some of the wonders of the forest through an exploration room that provides learning stations and fun activities. It's all FREE so bring the whole family for a day of fun and educational activities.

Several classes are available, including topics on common tree health, disease and insect problems, nuisance animals, bird watching 101, pond management, timber taxation, how to become a firewise community and many more.

For more information and to check out the class schedule, visit the Texas Forest Expo website at: <http://tfsweb.tamu.edu/conferences/texasforestexpo/>
