Green Economy Webinar: The Role of Chambers of Commerce

March 11, 2010, 1:30 – 2:30pm ET

Chambers of Commerce across the South have initiated new programs and initiatives to promote and support green business and sustainability initiatives. This free webinar (pre-registration required) will explore what chamber leaders are seeing across the region and allow attendees to learn about specific initiatives such as the St. Louis' Climate Prosperity Project and Chapel Hill's Green Plus program. The speakers of this webinar include:

- ✦ Mick Fleming- President of American Chamber of Commerce Executives
- ✦ Eric Schneider- Senior Director of Energy and Environment St. Louis Regional Chamber & Growth Association
- ✦ Aaron Nelson- President & CEO of Chapel Hill-Carrboro Chamber of Commerce
