i-Tree Eco Summer Training Workshop

School of Forestry and Wildlife Sciences Building, Auburn University

June 15-17, 2010

The i-Tree Eco Summer Training Workshop is designed to familiarize urban forestry and planning professionals with available i-Tree Eco tools. This is a hands-on workshop hosted by the School of Forestry and Wildlife Sciences at Auburn University in partnership with the USDA Forest Service's Urban Forestry South office in Athens, Georgia. Topics include:

- i-Tree Eco data collection methodology
- information on data entry for the i-Tree Eco database
- interpreting and utilizing reports generated by the i-Tree Eco application
